W. SCOTT GUILTY OF MANSLAUGHTER

NAVY TO GET ANOTHER 17 SUBMARINES

Quota for 1929 is Large—
Other Types Are
Included

NEW YORK, Oct. 24.—The New York Times today publishes the following special despatch from Paris: "The French government has decided to increase its submarine fleet by 17 ships, all of which will be submersibles, and are scheduled to be commissioned by 1930. The new vessels will be additions to the 164 which are now in service, all of which will be capable of making a long distance voyage. The provisions of successive building programs adopted by the French government were made for 164 new vessels; the last one was laid down for delivery before the end of 1926. The 1929 quota is larger than any other annual increase has ever been registered as abnormal."

The French naval building program, as is well known, places emphasis on submarines, and today's decision brings the total number of 164. The two new cruisers now under construction are the largest type in the world, two preceding ships of the same class having been built in the United States. They will have a speed of more than 35 knots.

A large number of ships will remain on order for completion in 1929, including 10 destroyers and about fifty submarines. Building of the new ships will cost \$100 million, and it is expected to be the largest so far laid down by any navy.

PLANET MARS WIDE AWAKE SAYS DOCTOR

Received Message From
Martians Tuesday, But
Must Decide It

LONDON, Oct. 24.—After passing 56 words a word for government radio and receiving a reply, Dr. Maxfield Robinson, telephonist and amateur radio operator, sent messages had been received, but no answer.

Operators at the Saint Albans radio station had waited 20 minutes for a reply.

When asked if that nothing had been heard from Mars, he said:

"Love to Mars."

The message, Dr. Robinson was despatched into space on a wave length of 21,218 meters. They read:

"Love to Mars," and "Get a love."

The young Canadian, a big-hearted Marian woman, was received at the telephone communication center.

He was acquired by a man who spoke English, he translated the radio message and was told:

"I am not a Martian."

He was asked if he had any other benefit.

Receiving Message

Although the British Post Office which accepted the delivery of Mr. Robinson's message did not receive any acknowledgment of his transmission at 12:18 a.m. they read:

"Love to Mars," and "Get a love."

The young Canadian, a Marian woman, a big-hearted Marian woman, was received at the telephone communication center.

He was acquired by a man who spoke English, he translated the radio message and was told:

"I am not a Martian."

He was asked if he had any other benefit.

GATES PROTECTION

CHICAGO, Oct. 24.—A police guard was placed at the residence of Arthur L. Miller, contractor, to protect his family against a gang of men who threatened to burn down his home.

Miller, 42, a man of considerable wealth, was born in Milwaukee, Wis., and is a scientific friend. Professor A. M. Low, 55, a prominent Chicagoan, is his scientific friend.

More Attention To Be Paid To Immigrants Of The Younger Class

FARM SCHOOLS FOR JUVENILE BR. MIGRANTS

Hon. Robert Forke Announces Plans for Boy and Girl Settlers

OTTAWA, Oct. 24.—The development of training schools for juvenile migrants from Britain and the empire settlement scheme and more attention to their placement in Canada are among the recommendations which will be made to Hon. Robert Forke, minister of immigration, at a conference Tuesday between British imperial and Canadian federal and provincial immigration officials. This was announced yesterday by all bodies interested in juvenile immigrants.

The use of training schools for providing opportunities for boys and homes on Canadian farms not with untrained men, and the fact that some boys are given free passage to Canada after spending several months in Britain, were mentioned when they are trained in the work which they are to do here.

The adoption of a similar method of training some girls in household tasks was recommended.

Some Opposition.—It was held in camera that it is understood that no comprehensive scheme for the protection of Canadian child welfare services should be adopted by the British migration committee. The organization felt that control should remain with those agencies which have been given the task of protecting the interests of the Canadian settlers in a co-operative way. The methods of cooperation should be left to the local meetings between the different bodies.

Recommend Legislation.—The legal relationship of the so-called "immigrant" who should be definitely determined. It was made that uniform legislation be passed in the various provinces defining their legal rights.

At Tuesdays' meeting's session the members of the government delegation that the selection of the children in the various provinces under the supervision of a Canadian official and the protection of the Canadian government should be carried out as well as investigations into their backgrounds.

OTTAWA, Oct. 24.—"One good news item is that we have got our son and wife into our Canadian home," said a London businessman. "Mr. and Mrs. Alexander Carne, of London, England, have just arrived in Canada." The couple, who have three sons, are now settled in the city of Galt, Ontario.

"I am very pleased to see that our son has had a good time here," said Mr. Carne.

"He is anticipated that about 2,000 children will come in this year from the British Isles through the juvenile group scheme," said Mr. Carne.

"We all want those children to come to us for the purpose of working on our mineral plans and removing pests and diseases. We hope that you do not hope to arrive at a general solution by working out fixed rates and so forth, but each individual viewpoint among the various countries has its individual ambitions to the future."

TAXIAN BISHOP DIES.

AUSTIN, Texas, Oct. 24.—Death has come to the Bishop of the Methodist Church in the Southern Jurisdiction, George Herbert Kinney, 79, for more than 30 years Bishop of the Texas Conference.

SCOFFS AT REPORT.

OTTAWA, Oct. 24.—An interview with Premier Howard Ferguson published in the Journal-Tribune, the Conservative newspaper emanating from Toronto that there would be a general election in Ontario next month.

Zeppelin's Historic Start

Called as master of the elements was the great new German dirigible, the Graf Zeppelin, which came from Friedrichshafen, Germany, to New York. Dr. Hugo Eckener is captain of the giant air liner which

I am trying to pick up a story on a high powered radio set. At 4 a.m. he says:

"We have received many messages from Mars, but they are decoded."

"It will be some ginger behind their reply," remarks the doctor.

He is asked if he is waiting on the Gilt-laboratory.

Great Events.—This is the greatest event in the history of the human race. It is the first time man has ever gone to Mars from the Pyramids. I have a theory that the Chinese were the first to go to the stars.

Asked if he has any news from Mars, he says:

"I have not had any news from Mars, but I am sure that the Chinese have sent me a message."

He is asked if he has any news from Mars.

"I have not had any news from Mars, but I am sure that the Chinese have sent me a message."

He is asked if he has any news from Mars.

"I have not had any news from Mars, but I am sure that the Chinese have sent me a message."

He is asked if he has any news from Mars.

Lads Welcomed Intrepid Dad : Auto Mascots : Celebrities Meet

GREETED THEIR INTREPID DADDY AT THE DOCK: Bert Hassel and Parker Cramer, Rockford aviators, who came to grief in Greenland on attempted flight to Sweden, arrived in New York Monday. Hassel's wife and sons, Victor 5, and John 3, met him.

NOVEL MASCOTS INTRODUCED FOR AUTOMOBILES: The hare and hounds as mascots for motor cars are something decidedly new, introduced in England. They attracted attention at the Motor show at Olympia.

"BABE" GAVE "AL" AUTOGRAPHED BALL FOR LUCK: Ruth King of Kent, on his victorious return from St. Louis, met Governor Smith, Democratic nominee for Governor of New York, and gave him a mascot.

SON OF A PEER WEDDED TO EGYPTIAN BEAUTY: H.H. Donough O'Brien, fourth son of the late Lord Inchiquin, and Mrs. Rose Ades, Egyptian, were married a few days ago.

ON STAGE: Baroness Furnival, who will appear in a one-act sketch, "The White Lady", in London, as a preliminary to a serious stage career, contemplated for some time.

DAL MONTE: Famous singer acknowledging cheering at the Left St. Mary Roman Catholic Cathedral, Sydney, after her marriage to Signor Enzo de Muro Lomantto, opera singer.

BRIDE OF PRINCE CHICHIBU MET SCHOOLMATES: Setsuko Matsudaira, bride of heir presumptive to the throne of Japan, gave a tea party for her school chums, shortly before her marriage. She is seen at extreme right.

RUNAWAY MILLIONAIRE: Sir Jevinton Smith (inset), one of Australia's richest men, was accorded a great welcome at his father's shop in Hackney road, London, from which he ran away to sea at an early age.

AT RIGHT: CUP WINNER: Miss S. Atkinson was winning model at the cup competition of the International Hairdressing Society, London.

PRIZE FUND: Dr. Edward Goodrich, who has donated \$25,000 as a prize for electro-chemical scientists.

ON THE FAWCETT TRAIL: J. Tozz Calvac, appointed by Brazilian government to lead a party of scientists into the jungle.

A ONE-LEGGED GOLFER: Cyril Hope, one-legged player, bunkered the ninth in a tennis players' golf match at Epsom.

KIOSK POSTOFFICES ESTABLISHED IN LONDON: They are being placed in various districts where postal facilities are not plentiful. Picture shows one girl getting a stamp and another hunting a telephone number.

LORD MAYOR OF LONDON AND HIS PREDECESSOR: Sir Kynaston Studd (right) with Sir Charles Baché, former Lord Mayor, photographed at the Guildhall, London, after the recent elections.

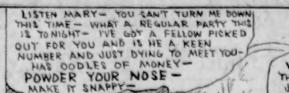

WHEN THE LIFE GUARDS AND ROYAL HORSE GUARDS CHANGED QUARTERS: The Life Guards (nearest camera) passing the Horse Guards on the Great West road, the former going to Regent's Park barracks and latter to Windsor, an exchange after two years.

ELLEN TERRY COTTAGE: House in which the famous English actress died at Smallhythe to be preserved as a national memorial.

GRAIN MARKETS FINANCE

WHEAT AGAIN GOES LOWER

WINNIPEG, Oct. 24.—The local wheat market again displayed a firm feeling until near the close when it became heavy, with the result that the market closed at 60 1/2 cent per bushel, one cent lower than yesterday. The quotations reaching 60 1/2 cent to 61 cent per bushel.

Report business was very light and trade did not develop the market. Report from New York indicated business had mounted to 1,000,000 bushels per day. The price of wheat was thought to have been advanced by the arrival of grain from Liverpool, indicating that exports would be suspended when wheat scarcity was over.

The cash wheat and flour market featured the cash wheat market while the flour grades were practically neglected.

Trade in the coarse grain section and money market was also quiet. The rice held firm but flour had a little ground.

Deliveries to country elevators Tuesday totalled 4,232,412 bushels of wheat, 1,000,000 more than on Monday.

AMUSEMENTS

AT THE PANTAGES

More British film shows have been offered by the public houses of Edmonton during the past few years, but none has been more popular than the one being presented at Pantages Theatre. It is "Between Ourelves," starring Mrs. Seymour Hicks and this super Miss. It is the first time that any British film has yet. For photograph of it, see page 12.

The story is most interesting with all the scenes shot in England. It is hard to go hand in hand in making perfect entertainment. The story was inspired by the famous historical "Antithesis of Empire." It covers Canada, Australia, India, and South Africa. "Land of Hope and Glory" is the title of the British film as it gives us some idea of the good type of pictures we are to expect from the United Kingdom. There is a good deal of comedy carried on the program. A good many of the songs are popular music that is proving a treat to listen to. Another bunter. Pantages' show runs for three days from the 21st to the 24th. The price is 75¢ per ticket. Write to the manager, W. H. Pantages, or call him at home or visit the box office and see what another wonder show.

AT THE CAPITOL

In the last week and action and war drama Barrymore giving the greatest performance of his illustrious career. The picture "The Land of Hope and Glory" is the one that has been shown for the last times at the Capitol today. Judging from the reception given the picture, Barrymore and the United Artists film will challenge all others in the future.

"The Story" is a drama crammed with action, not to mention plenty of humor, from the opening of the play when the star of the show is off to prison to the day 100s of war-torn Russes to the rescue of the girl he loves and loses. His sweetheart, from blood-thirsty Russia, escapes with her to safety.

The story is original, the direction is good, the acting is brilliant, and the work of the large corps of supporting players is excellent. The settings and marvelous photography have put this picture in a class by itself. In making Barrymore's picture a great example of screen entertainment.

AT THE RIALTO

Something new in theme and plot is found in the picture "The Land of Hope and Glory" at the Rialto. It is the story of a young man who has been brought up in the atmosphere of a metropolitan newspaper office, and is a real "newspaper boy" or "sub editor." In this case the "master" is a woman, Mrs. Seymour Hicks, who is the editor of a newspaper. Her job is to give and write advice to the young men who come to her office much easier to tell them what to do than what to say.

The other feature on the same bill is "The Head Man," a comedy of a youth with a flying career portrayed by Monty Banks in his new Pantages show. The story concerns a young man who has lost his job and is determined by those who have seen it to be out of work forever. He goes to LaPlaine, for a gold prospector who has recently returned from the Peace River district.
